Other Items.

Sleeping Mat: _____

Other Items : _____

Other Items : _____

Other Items: _____

Checked on return by : _____ Date : _____

Expedition / Camping Equipment as on Loan.

As a voluntary DofE Expedition Training Team, we have limited resources for our participants to loan our equipment from us for their expedition section of their award.

Obviously, this is also from a financial point that again we have very limited funds that we can purchase new or for the replacement of equipment.

We would ask that when you are using “*Loan Equipment*” that it is treated as if you had purchased it & thus look after it as you would your own equipment.

If any items are lost or damaged during your venture, we ask that this be reported straight away & we can investigate what action will be made.

In the past, participants have taken out “*Loan Equipment*” & have been lost, damaged, or not returned to us.

So, with the above in mind we are going to try out a new system of returning ALL items. This will be for everything that has been loaned out to you, including tents, rucksacks, cookers etc.

At the end of your Expedition Venture (say on the Sunday afternoon that you finish) We ask that before you leave the venture at all your own personal items are packed into a “plastic rucksack liner / strong rubble sack & thus leaving your “*Loaned Equipment*” with the Staff.

We appreciate that some equipment like tents maybe wet & cooking sets may need a proper clean.

We ask that this equipment is returned quickly, in a dry / clean condition for the next participant to use.

I thank you for your help on this matter.
If you have any questions on the use of “*Load Equipment*” please contact me.

Dave Briscoe
Training Team Leader.
